OPNAV NOTICE 03110

From: Chief of Naval Operations
To: Distribution List

Subj: Allowance and Location of Navy Aircraft (U)

1. Purpose,

a. To indicate the following by units:

- (1) The operating aircraft allowances (Table 1)
- (2) The actual on hand aircraft inventories (Table 2)
- (3) The planned assignments of operating aircraft (Table 2)

b. To show the actual on hand program and non-program aircraft inventory in various forms (Section II).

2. General Instructions.

a. This NOTICE establishes the unit operating allowances of the Naval Aircraft Program within each major operating command. Actual on hand aircraft inventories are developed by the Navy Aircraft Accounting System, OPNAV INSTRUCTION 5442.2. Planned unit assignments are made within the provisions of the Naval Aircraft Program, OPNAV INSTRUCTION 03110.1, which establishes the operating and operational pool allocations for major operating commands in accordance with the approved planning factors and available inventory. The Naval Air Reserve Training Command as shown herein, has been established as a major command for aircraft logistic purposes only.

b. If the allowances as set forth are not deemed suitable for the mission which an activity or command has to support, the Chief of Naval Operations will consider recommendations for changes in types and allowances of aircraft. However, any requests for such changes that would result in an increase in a major command's total aircraft operating allowance should contain that command's recommendation for a compensatory reduction.

c. Major operating commands are authorized to shift operating assignments (Table 2) from one unit to another on a temporary basis; however, if it is expected that this shift will exceed three (3) months, the Chief of Naval Operations shall be requested to change the authorized operating allowance (Table 1).

d. Specific assignment of aircraft to individual officers is prohibited by the Secretary of the Navy. Aircraft for shore based activities not listed in Table 1 are provided within the allowances of Naval Air Bases, the Naval Air Reserve Training Command, the Naval Air Training Command, and the Bureau of Aeronautics (Research and Development).

e. Types, classes and models of aircraft listed herein are in conformance with BUAER INSTRUCTION 05030.4 of 17 October 1957.

f. Planned operating levels of target drones (capable of carrying a pilot) are contained in OPNAV INSTRUCTION 03110.1 (U. S. Naval Aircraft Program).

3. Cancellation. This NOTICE is cancelled and will be destroyed by burning when the next issue is received. No report of destruction is necessary.

TABLE 3 SUMMARY OF OPERATING INVENTORY BY MODEL 46

TABLE 4 TOTAL PROGRAM AND NON-PROGRAM AIRCRAFT INVENTORY BY LOCATION AND ORGANIZATIONAL UNIT 54

GENERAL

The Navy Program aircraft inventory is presented herein in three arrangements:

TABLE 2 is by type of reporting custodian within each command showing, for each unit and model of aircraft, location, authorized operating allowance, and actual inventory.

TABLE 3 is a summary of the actual operating inventory by major commands for each class, configuration and model in the program.

TABLE 4 is in alphabetic order of geographic location except that carriers and other ships are listed first showing for each location the "reporting custodians" or "unit" based there, the total aircraft in custody of each, and a code designation of their respective "command". The column headed Command contains their code designations, which are translated as follows:

- 11.....LANT.....Atlantic Fleet (Navy)
- 19.....LANT.....Atlantic Fleet (Marine Corps)
- 21.....PAC.....Pacific Fleet (Navy)
- 29.....PAC.....Pacific Fleet (Marine Corps)
- 31.....NABS.....Naval Air Bases (Navy)
- 39.....NABS.....Naval Air Bases (Marine Corps)
- 41.....NABTC.....Naval Air Basic Training Command
- 43.....NAATC.....Naval Air Advanced Training Command
- 44.....NATTC.....Naval Air Technical Training Command
- 50.....NART.....Naval Air Reserve Training Command
- 70.....R&D.....Research & Development, BUAER
- 88.....BUAER.....Maintenance and Support, BUAER

The above classifications are for logistic purposes and statistical convenience and in no way alter any organizational structure or military command established elsewhere by the Navy.

TABLE 1 PROGRAM OPERATING ALLOWANCES FOR FISCAL 1959

Table 2 reflects planned aircraft model assignments to meet the allowances shown in Table 1. In instances where the Naval Aircraft Inventory contains insufficient aircraft of the types shown in Table 1, Table 2 will indicate substituted models. The primary operating status code included in Table 1 reflects the primary reason or intent for the operating units having an authorized operating allowance therefore. Where inconsistencies appear between the status codes listed in Table 1 and Table 2, differences will be resolved in favor of those listed in Table 1. Revisions to the authorized allowances listed in Table 1 will be indicated by an appropriate symbol for subsequent periods; however, because of budgetary considerations such revision will normally not appear at intervals of less than four months.
