How to serve your country in the WAVES

To every woman who wants a part in winning this war

Never in history have American women been offered such a chance to serve their country. Never has there been such an urgent need for their service.

This is total war—a war in which every woman as well as every man must play a part. The men in the Navy are in for one reason alone—to fight! They're in to fly the planes, man the ships, smash the Nazis and Japs.

But to keep them fighting, there are important service jobs that must be carried on at home—man-size, full-time jobs which you, the women of America, can fill—jobs in which you can serve your country in your country and release the men to fight at sea.

That is what you — as a member of the WAVES — can do to help win this war. How you can do it is explained in detail in this book. Read every word of it. Then take a step you'll be proud of all your life — volunteer for the WAVES today.

Lunk the Navy

What are the Waves?

The WAVES is an organization of women whose job is to replace Navy men at shore stations.

As a member of the WAVES, you can wear the same Navy blue, win the same ratings and earn the same pay as America's finest fighting men.

And you'll hold the same shore jobs that are now filled by men. At Navy bases throughout the continental United States WAVES do all types of office work. They also are needed to fill jobs in radio, communications, storekeeping. Some are needed for important posts in mechanics and aviation ground work—as machinists, for example, or as operators of the Link Trainer, that amazing device which teaches future Navy pilots the principles of flying. Other women are needed for various special or technical positions. Many hundreds more can render valuable service in the Navy, doing a variety of tasks which are included in the daily routine of every efficiently operated shore establishment.

Whatever your work, wherever you go, you can be sure that you are performing a very real, very vital service for your country. It won't be any picnic. It's not a part-time "glamour" job — and it's not meant to be. You are as much a member of the service as any man with the fleet. It's full-time work. It will be hard work. But as you're the sort of woman who loves America and honors the brave men fighting to keep it free, it's work you'll be proud to do.

There is a place in the WAVES for women with experience in practically every field of business and industry. Have you worked in an office as a typist, secretary, operator of business machines, filing clerk or bookkeeper? You will find ready use for your skill. Have you sold merchandise or checked stock in a store? Do you know anything about radio, telegraphy, photography? Did you ever work in a library, serve at an information desk or telephone switchboard, do tailoring or sewing? Have you a mechanical "bent"? If so, your knowledge and experience will be valuable to the Navy. And it will help you to rapid promotion and better pay.

On the other hand, suppose you have no special skill or experience. There is a place for you, too, in the Navy. If you can meet the physical and educational requirements, Navy training will take care of the rest, fit you in a short time for the post where you will be of greatest service to your country and to yourself. The following pages tell you about this training and where you will get it.

Future radio operators get expert training in the Navy. Skilled instructors and the finest equipment will fit you to do a better job for your country now, land a better peacetime job later.

First, you'll receive excellent basic training

As an enlisted WAVE, you will receive four weeks of recruit training at government expense at the Naval Training School (WR) in the Bronx, New York. At the end of this time you may be ordered to active duty at once, or you may be transferred for further instruction in a special field to a naval air station, a naval hospital or one of several schools.

Typical of these are the Naval Air Stations at Norman, Oklahoma; Memphis, Tennessee; Atlanta, Georgia; and Lakehurst, New Jersey; the Naval Hospitals at Bethesda, Maryland and San Diego, California; and the campuses of Indiana University at Bloomington, Indiana; Oklahoma Agricultural and Mechanical College at Stillwater, Oklahoma; University of Wisconsin at Madison, Wisconsin; Iowa State Teachers College at Cedar Falls, Iowa; Georgia State College for Women at Milledgeville, Georgia; Miami University at Oxford, Ohio, etc. The school to which you may be assigned depends upon the type of job for which you will be trained.

You'll be a real recruit

During your indoctrination training, you'll live as a regular Navy recruit. In recruit school, your ability to take it cheerfully will be tested—to take drill, to learn Navy language and Navy ways, to serve your turn at messenger or mess detail or any other chore which must be done to make the "ship" sail smoothly.

You and your "shipmates" will share a brand new experience of study and work, and also share the thrills of donning uniform and passing in review with the colors flying.

When you step out of recruit training you'll look and act like a full-fledged seaman. You'll be "in the Navy now."

Estelle Marshall had long been an amateur radio operator. Now her hobby fits her for one of the WAVES' most fascinating jobs. "As a Navy radio operator," she says, "I'm tuning in on history as it happens!"

Former store buyer Helen King found her job in the WAVES made to order. "Storekeeping may not sound exciting, but it is," says Storekeeper King. "It's the job I like, and I'm proud to kelp my country by working at it."

You step into an important shore job at full Navy pay

It's a real thrill when you first report for active duty. Smartly uniformed, thoroughly trained, ready to take a man's place and do a man-size job.

Perhaps you take over a Yeoman's job as secretary to a Naval Officer and release a man to serve on one of Uncle Sam's new battleships. Perhaps you get a radio position at one of the Navy's air bases, and an Aviation Radioman becomes free to fly — and fight — with the Naval air forces. Perhaps you'll be quickly assigned to active duty as a Seaman, Second Class at some shore establishment.

Whatever your job, you will carry the same responsibilities, exchange salutes and command the same respect as any other member of the uniformed forces. You'll be doing a job—not as a man or as a woman—but as an American!

Where will you serve?

Like any member of the Navy, you will be assigned to duty where you are most needed — with the exception that you will not be asked to serve outside the continental United States. Among the possibilities are Miami, San Diego, Norfolk, Washington, D. C., the Navy Yard at Boston, the air bases at Corpus Christi or Jacksonville or any other Naval shore establishment where a well-trained woman can replace a man.

You will not select the base where you will be stationed, but your request for service in a particular place will be given consideration as long as it does not conflict with the needs of the Navy.

How will you live?

Your living and eating quarters will depend upon the location at which you are stationed. In some places it is possible that you will live in barracks especially built for the purpose. In towns where there are a large number of WAVES, they will probably be housed in groups. At other places you may arrange for your own quarters. In this case you will be given an extra allowance to pay for your food and rooms.

It's a proud moment when you first step out in brand new Navy blues! The trim uniform was especially designed by the famous stylist Mainbocher to flatter every figure and make you look—and feel—your best!

When you arrive at training school as an enlisted WAVE you will be provided with an allowance of \$200 for uniforms and other clothing. The official uniform consists of "everything that shows," except shoes and gloves. The cost—about \$180—is paid from the \$200 allowance. The balance of about \$20 is given you for shoes, underclothing and anything else you may need.

The uniform for the WAVES consists of the following articles:

- · Soft crowned hat, rolled brim, black band.
- Short, Navy blue jacket, slightly built-up shoulders, new rounded collar and pointed lapel. Blue and white insignia.
- · Flattering, six-gored skirt,
- · Reserve blue and dark blue shirts.
- · Black and reserve blue seaman's ties.
- · Smart, over-the-shoulder, leather pouch bag.
- White gloves in summer, black in winter.
- · Beige lisle hose.
- · Black oxfords, heels not over 11/2 inches.

Raincoat and hat raincover, becoming protection for bad weather.

As an enlisted Wave you earn up to \$126 monthly—plus allowances

Many women are now earning as much money in the WAVES as they ever did in their civilian jobs. You will enlist as Apprentice Seaman at \$50 a month. And remember, that money is just your base pay, just a part of your income — because in addition, all your living expenses are paid. You'll get good food, comfortable quarters, the finest medical and dental care, and \$200 worth of clothing — all free. In cases where government facilities are not available, you'll receive, in addition to your pay, subsistence and quarters allowances totaling \$2.75 a day.

If you suffer disability or death from disease or injury while on active duty you will be entitled to all the benefits prescribed by law for civil employees of the United States. You can buy life insurance at low government rates. And, like any other member of the uniformed services, you will get the privileges of free mail, reduced rates on transportation, movie and theatre tickets where granted, and you may benefit from such organizations as USO, Red Cross, and Navy Relief.

The Navy wants you to become skilled in your job. You don't have to ask for promotion. If you are willing and able, you will be recommended for advancement. And each promotion is accompanied by a raise in pay.

The table below shows the steps by which you can advance and the base pay you'll receive as an enlisted WAVE.

Officers in the Waves

College women can earn commissions in the WAVES. Most of them will qualify as Ensigns. A limited number (as specified by Act of Congress) can become Lieutenants (Junior Grade) and Lieutenants (Senior Grade). They will draw the same pay and allowances as men Officers of equivalent rank in the Navy. Uniforms for Officers will be the same as for the enlisted personnel except for the Officers' hat, gold buttons, white dress shirt and the reserve blue stripes designating their rank.

Officers in the WAVES will hold responsible positions. Previous experience in any of many different fields will be a valuable asset to the Officer candidate, but it is not by any means a "must" requirement. The chief qualifications, in addition to at least two years of college training, are alertness, energy, integrity, leadership qualities—and above all, the urge to serve your country.

Women who have had business experience in the fields of banking, retailing, insurance, manufacturing, etc., and those who are executives, accountants, statisticians, buyers, personnel officers,

been engaged in civil life. Also needed are women who have had technical training and practical experience in engineering, communications, electronics, physics, radio and similar fields.

WAVE officer candidates take their indoctrination either at Smith College, Northampton, Mass., or at Mount Holyoke College, South Hadley, Mass. All candidates enter as Apprentice Seamen. They continue in this status for one month and then qualify as Reserve Midshipmen. At this point a division takes place. Those being trained for general duty must complete a second month of advanced indoctrination. Those selected for special duty enter upon a seven weeks' course of study in their specialty. Upon the successful completion of their respective training, they are commissioned and ordered to duty.

Requirements for Officers

Candidates for commissions in the WAVES must meet the same requirements as enlisted women except in 3 respects:

AGE—At date of enlistment, 20 to 49 inclusive.

EDUCATION — College degree or two years of college work plus at least two years of acceptable business or professional experience. Also two years of mathematics in high school or college. PHYSICAL — Same as for enlisted women with these two exceptions:

- Eyes: Minimum vision in each eye 12/20, corrected to 20/20.
- Teeth: Minimum of 18 sound teeth, with at least 2 molars opposing on each side and 4 opposing front teeth.

For an application blank for a commission in the WAVES, write to the nearest Navy Recruiting Station or Office of Naval Officer Procurement listed on the last pages of this booklet. Or if there is an office close by, you may call in person. With your request enclose the following information: (1) age and date of birth; (2) education; (3) marital status; (4) the number and ages of your children; (5) husband's occupation.

ENLISTED WOMEN MAY BECOME OFFICERS. The only way a non-college woman can win a commission in the WAVES is to come up "through the ranks." Not many will qualify. It calls for hard work and real ability, but it is a goal well worth trying for.

What happens when I join the Waves?

1. First, go or write to the nearest Navy Recruiting Station or Office of Naval Officer Procurement for application blanks. Give the information required, and return papers to office of origin.

3. Then comes a physical check-up by Navy doctors. Requirements are thorough but not too difficult. Any young woman in sound health should be able to pass the examination with flying colors.

2. If your application papers are satisfactory, you'll receive free transportation to the nearest Office of Naval Officer Procurement. There you'll be interviewed and arrange to take the aptitude test.

4. It's a thrilling moment when you raise your right hand and are "sworn in." From then on you're in the service of Uncle Sam, ready to do a man-size job for your country!

5. Off for training school! The Navy takes care of all expenses. Meals in the dining car. A Pullman berth for overnight travel. And you'll find comfortable quarters ready for you when you arrive.

7. Training schools are located at some of the country's finest colleges. Typing, radio operation, communications, mechanics are only some of the skills you may acquire.

9. And now—a full-fledged member of the service—you go on active duty at one of the big Naval bases. You'll be in the thick of all that's exciting and important in America at war.

6. Yes, it's really you! You'll feel proud—and rightly so—when you first see yourself in trim Navy blues. Complete outfit—\$200 worth of clothing—is furnished you free as an enlisted woman.

8. At training school you'll follow an interesting schedule. Athletics, games, recreation with friendly companions are yours to enjoy in addition to the valuable training under expert Navy teachers.

10. Yes, your salute will be recognized even by an Admiral. And you deserve recognition! For yours is a big job—a service to your country you will be proud of the rest of your life.
